

CITY MANAGER'S WEEKLY UPDATE

April 4, 2013

TENNIS COURT CRACK SEALING

Staff has completed a second round of crack sealing on the five tennis courts located at Community Park.

LOVE GALT

The City is busy purchasing material for approved City projects that volunteers will work on at the upcoming "Love Galt" day on April 27. Staff is also beginning to prepare project areas to facilitate volunteer efforts. Projects include:

- Replanting landscape areas at Chabolla and Lincoln
- Replanting the fire damaged area on Carillion at Walnut
- Installing horseshoe pits at the Sports Complex
- Repairing and painting siding on the Lake Canyon Park Restroom
- Painting fire hydrants
- Painting the bridges at Canyon Creek and Cobble Hill
- General clean up at Dry Creek trail and painting of the shade structure
- Repaint fences/foul poles at Meadowview and Harvey Parks
- Plant about 70 trees on Carillion Boulevard to replace missing trees. The City received the trees from the Sacramento Tree Foundation at no charge.

The City is looking forward to another successful volunteer event.

SHRED IT EVENT – SUNDAY, APRIL 7, 9 A.M. TO 1 P.M.

The City is holding its annual Shred It event this Sunday at the Market grounds from 9:00 a.m. to 1:00 p.m. Residents can bring up to three file boxes full of documents to shred, or one garbage bag full of documents.

SCHOOL SAFETY

On April 3, members of the Galt Police Department conducted a school safety and security drill at Galt High School. This drill was held in conjunction with the Galt High School District, Cal-EMA and CSD Fire Department and has been in the planning for almost 12 months. The drill was to test security measures at the school and the police department's overall response to a major incident. On April 3 and 4, the Police Department participated in the Every 15 Minutes program at Liberty Ranch High School. This presentation is given to students (Juniors and Seniors) every two years just prior to prom week and is a reenactment of a major incident involving alcohol and teenage drivers.
