

## Public Works Department

### UPCOMING SOUTH GALT SAFE ROUTE TO SCHOOL AND REHABILITATION & SACOG BICYCLE AND PEDESTRIAN PROJECT

The City of Galt Public Works Department is pleased to announce that a new construction project is coming to the City of Galt. Design work and bidding has been completed and the project is expected to begin construction in early March. The scope of work includes the installation of infill sidewalks and nearly 200 ADA compliant sidewalk ramps, road repair that includes re-surfacing, striping that integrates a dedicated bike lane, and a number of new flashing beacon crosswalks. This project is being funded by a combination of State and Federal grants along with City of Galt Measure A and gas tax funding.

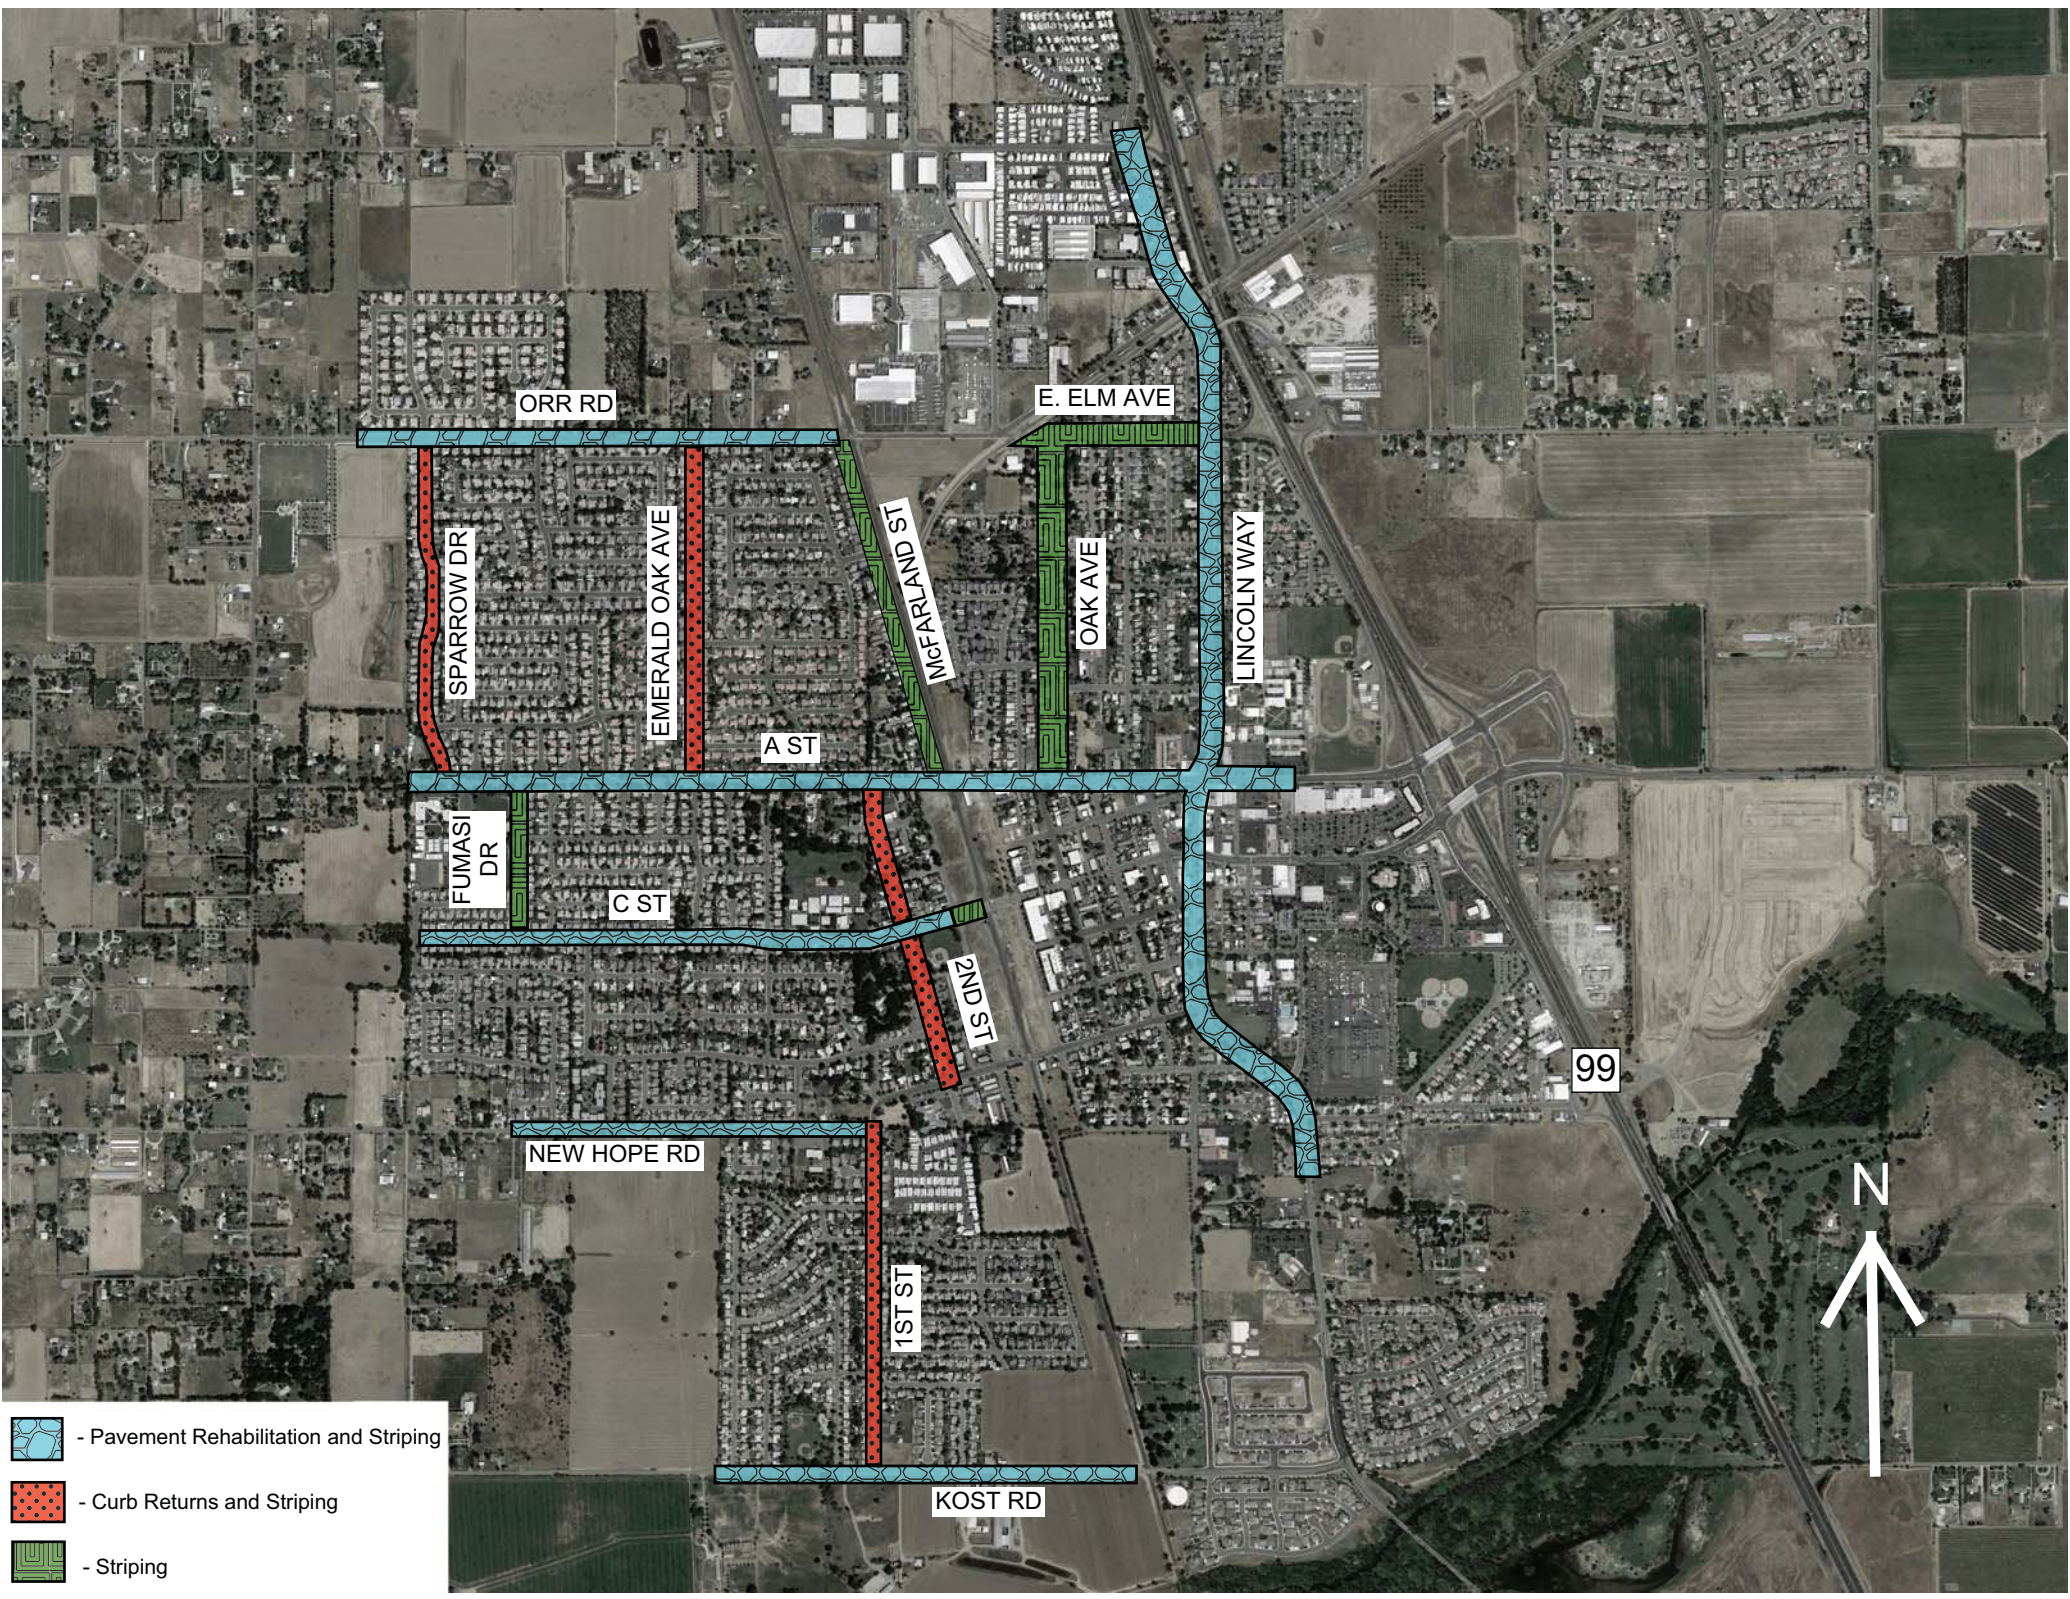

During the course of construction, temporary detours to both vehicle traffic as well as pedestrian paths will be required. We apologize in advance for any inconvenience this may cause, and assure you that we will do everything in our ability to prevent any unnecessary disruptions. A map of the project boundaries is printed on the back of this letter. Additional notifications will be distributed by the contractor prior to any construction activities on a street by street basis.

Should you have any questions regarding the field work that will be taking place, or have questions about the project, please feel free to contact me at (530) 718-0267, or by email at [williams@coastlandcivil.com](mailto:williams@coastlandcivil.com). In addition, you may contact Alejandra Serratos, Project Manager Public Works Department at (209) 366-7260.

Respectfully,

Travis Williams  
Construction Manager for the Galt SRTS Project

Alejandra Serratos  
Project Manager City of Galt
